FEATURES (Letter/number coordinates refer to main map)

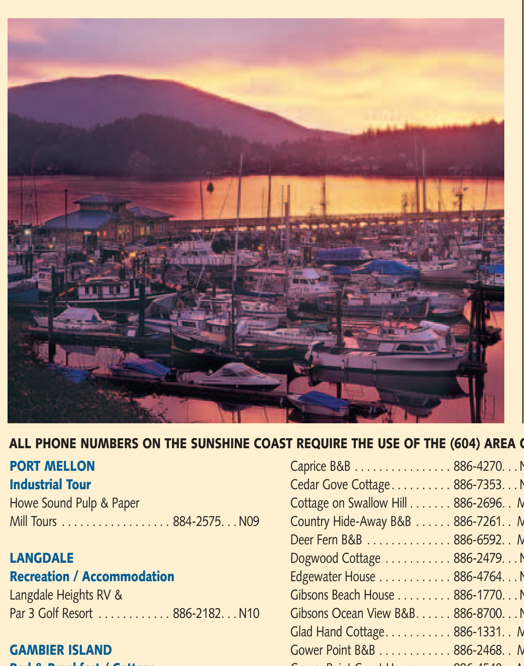
N9 Industrial Tour Howe Sound Pulp & Paper
This world-class mill located at Port Mellon offers free scheduled tours, two or three times a week during July and August. Minimum age is 12 years.

O12 Keats Island
From the Langdale ferry dock, a passenger-only ferry sails across scenic Howe Sound to Keats Island dock. The Gibsons Harbour ferry sails from the Landing in Gibsons to Keats Landing. All roads and trails on the island start from the dock and lead to sandy beaches, Plumper Cove Marine Park or to Eastbourne. It's a 10 km (6.2 mi) round-trip from the Government Wharf to Eastbourne.

P10 Gambier Island
From the Langdale ferry dock, Gambier Island is only 15 minutes away on a passenger-only ferry, which docks at New Brighton. Gambier boasts great beaches and hiking trails, and a quaint small-town general store and cafe. Trails lead to Gambier Lake, which is 8.5 km (5 mi) from New Brighton. Level 3 approx. 4 hours.

N12 Soames Hill – The Knob
Impressive second-growth forest trails lead to a spectacular view of the mountains, Keats and Gambier Islands, Gibsons and the Strait of Georgia. It's straight up with lots of stairs. Approx. 30 minutes to the summit. Level 3. See other side of map for access.

N12 The Landing in Gibsons: Home of Molly's Reach
The Landing is best known as being home to Molly's Reach, for two decades the set of the CBC TV series *The Beachcombers*. Just a few steps away, the sea-walk takes visitors close to the working harbour and offers spectacular views of the coastal mountains and bustling marina. Gibsons hosts an array of exciting events to entice and entertain visitors and residents alike. A Celebration of the Arts and the Gibsons Landing Jazz Festival in June, the International Outrigger Canoe Races in July, and the popular Fibre Arts Festival in August. Wherever purple banners fly, you are invited to visit artists in their studios and galleries – from fibre arts to forged metal bells, watercolours to woodwork, even organic gardens – Gibsons Public Art Gallery has more info.



N12 Sunshine Coast Museum & Archives
The museum has two floors of exhibits that feature maritime displays, natural history, First Nations artifacts and photographs that depict the varied and rich heritage of the Sunshine Coast. Admission by donation. 716 Winn Road, Gibsons.

M12 Chaster Park & Ocean Beach Esplanade
Chaster Park is a grassy area on the waterfront of Ocean Beach Esplanade, at the end of Gower Point, one of the oldest areas in Gibsons. This area offers an ideal setting for an oceanside walk along the pebble beach, fly fishing offshore, colour-rich sunsets and cruise boat watching. Follow Gower Point Road to the waterfront.

K11 Cliff Gilker Park
The park has a series of well-marked trails, which take you through second-growth Douglas fir forest, past waterfalls and across rustic bridges over Roberts and Clack Creeks. As well there are picnic facilities, baseball diamonds and a children's playground. 3 km (1.9 mi) Rating 2. See other side of map for access info.

K12 Roberts Creek
Known locally as the "Gumboot Nation," the village of Roberts Creek is just steps from the community's waterfront park, its long pedestrian pier which is highlighted by natural driftwood benches, indigenous plantings and a spectacular view of Strait of Georgia. Here you'll find kayaking and canoe rentals at the foot of Roberts Creek Road. With its low tide sandbar this is a favourite spot for water sports. Roberts Creek Park at the foot of Flume Road has sand intermingled with wave-smoothed bedrock. Several trails lead from Cliff Gilker Park, and camping is available in Roberts Creek Provincial Park.

8. Maritime Pier

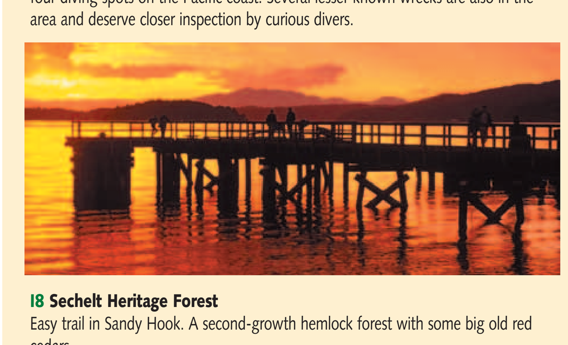
FEATURES (Letter/number coordinates refer to main map)

J11 Chapman Creek Hatchery & Chapman Creek Trails
The hatchery welcomes visitors. Learn about the life cycle of the salmon and see many species of salmon being reared. The Chapman Creek trails provide a close-up viewpoint to witness the return of the salmon every year, or just enjoy a picnic. Access via Field Road.

I11 Davis Bay
The beach at Davis Bay is one of the most scenic spots on Hwy 101 as the road hugs the shoreline. Recent upgrading of the seawall has enhanced this area with a walkway, floral plantings and park benches where visitors can sit and enjoy the view. At supreme low tide in July, this sandy beach is home to the annual sandcastle competition. Great spot for fly fishing and sunsets.

I10 tems swiya Museum
Home of the Sechelt Indian Band and Tsain-Ko Gift Shop, the museum offers a historical look into the Sechelt culture. Totem poles are located on the grounds of the Sechelt Nation Hall and in various locations around Sechelt. For guided tours call in advance.

H5 HMCS Chaudiere
The WWII submarine tracker HMCS Chaudiere was sunk as an artificial reef in 1992 off Kunechin Point at the mouth of Salmon Inlet. It is now considered one of the top four diving spots on the Pacific coast. Several lesser known wrecks are also in the area and deserve closer inspection by curious divers.



I8 Sechelt Heritage Forest
Easy trail in Sandy Hook. A second-growth hemlock forest with some big old red cedars.

H9 Kinnickinnick Park
A favourite of locals for dog walking, this advanced second-growth coniferous forest boasts big trees. Well signed and very easy, the park has several trails that loop around. Follow Trail Avenue from Sechelt, the road ends just past the park.

I10 Sunshine Coast Arts Centre
A unique log building, the Sunshine Coast Arts Centre is in itself a work of art. Exhibits feature the work of many talented local artists as well as national and international artists. The centre is also a venue for poetry and prose readings and recitals.

I10 Rockwood Centre
This restored heritage building is home to the annual Festival of the Written Arts held in August. The festival draws well-known Canadian writers and throngs of readers every year. The botanical gardens surrounding the centre are a delight for flower lovers and are especially beautiful in spring. Visitors can enjoy the grounds or sit awhile reading on one of the many artist-carved benches.

E8 Secret Cove Area
Secret Cove has protected deep moorage and is home to full-service marinas. Facilities include boat rentals and restaurants. Great area for fishing and paddlers can head offshore to Simson Marine Park, on South Thormanby Island, where a blend of sandy beaches, forested slopes, and tranquil coves awaits. Water taxi service from Secret Cove allows access to Buccaneer Bay Marine Park, Jedediah Island and Thormanby islands.

8. Government Wharf, Hospital Bay
9. Irvines Landing
10. Beach Access
11. Slo Cat Ferry Stations and Route

FEATURES (Letter/number coordinates refer to main map)

C6 Francis Point Marine Park
A favourite attraction for locals and visitors, this 73 ha (180 acre) property has pristine waterfront, intricate coves, windswept evergreens, mossy headlands, towering old-growth Douglas fir and some of the best diving on the coast. The delicate environment includes very rare plants so visitors are advised to stay on the designated trails. Access via Francis Peninsula Road, follow to Merrill Rd.

D5 Millennium Park
Located at the Madeira Park Wharf, this waterfront area features picnic tables, toilets and a marina equipped with marine pumpers and float plane landing facilities. There is easy access to the shopping mall, credit union and bank machine. The Slo Cat departs from this spot.

D5 Garden Bay Marine Park & Mt. Daniel
Accessible by boat or vehicle, this park offers secure anchorage, a picnic area, salmon fishing, swimming and a rugged steep hike up Mt. Daniel with its spectacular view of three lakes – Garden Bay, Katherine and Mixal. The summit of Mt. Daniel and the Native cemetery on the waterfront are protected areas. Caution: this is black bear country.

D4 Katherine Lake Park
Located on Garden Bay Road, Katherine Lake Park has RV and camp sites with electric hookups, showers. The picturesque beach is a popular swimming spot and a great place to spend an afternoon with the kids. Pets are welcome too.

E3 Ruby Lake Lagoon Bird Sanctuary
This wild bird sanctuary located at the Ruby Lake Resort is part of the resort's conservation efforts to maintain and preserve habitat for the 90 species of wild birds that visit this freshwater lake. It is home to one of the largest concentrations of wood ducks in BC, plus blue herons, bald eagles, kingfishers, hummingbirds and other species.

E4 Suncoaster Trail Access
One way to access the Suncoaster Route is from the Malaspina Substation approximately 6.5 km (4 mi) north of Pender Harbour on the east side of the highway. A map at the trailhead shows the system of trails, which includes wheelchair accessibility (5°) to the picnic area and waterfalls. More advanced hikes lead to spectacular views of Agamemnon Channel. The Suncoaster Trail route is comprised of trails and connecting highway; the 33 km (20 mi) route extends from Homesite Creek to Klein Lake. Suitable for hiking, mountain biking and horseback riding.

D2 Dan Bosch Park
This day-use park on Ruby Lake has great views of the tranquil lake and a sandy swimming beach with picnic tables. The 1/4-mile loop trail along the shoreline is a must.

E2 Klein Lake
Located near Egmont, Klein Lake is a rustic spot. There is good trout fishing in the lake, a boat launch and a few rough campsites, but no running water. The Klein Lake / Ruby Lake trail starts here.

F2 Skookumchuck Narrows Park
Skookumchuck is one of the West Coast's largest saltwater rapids; when the tide changes it reverses. The well-groomed trail runs through ferns and stately trees leading to the famous white-water tidal rapids. In the Chinook language skookum is "strong" and chuck is "water," which perfectly describes the foaming, roaring spectacle of the Skookumchuck. Extreme kayakers challenge the rapids but caution is advised. Do not get close to the water. Check with the local visitor info centres for best viewing times.

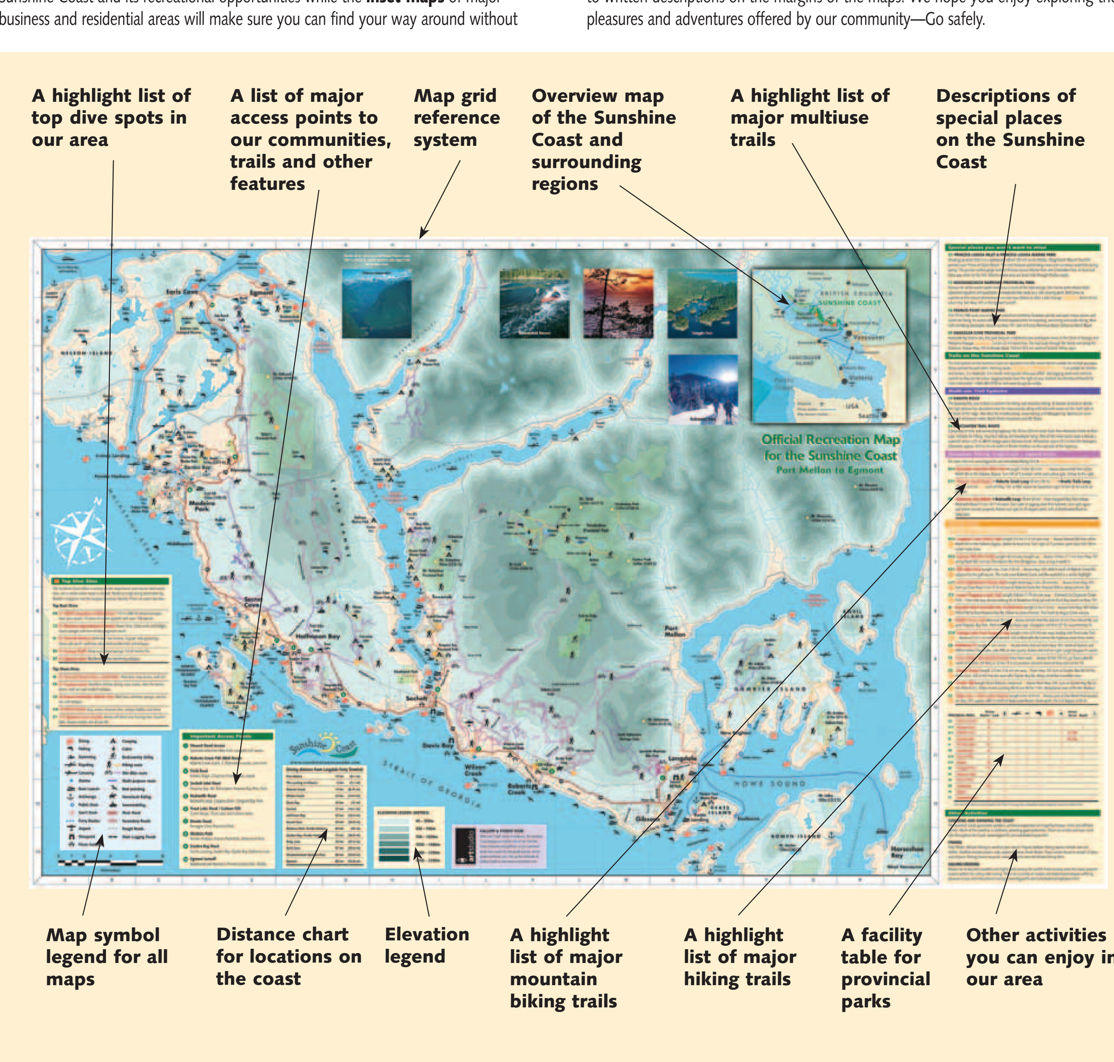
HOW TO USE THIS RECREATION MAP

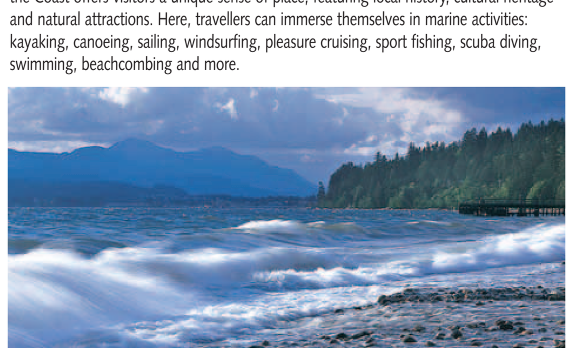
The Official Recreation Map for the Sunshine Coast contains a wealth of useful information: below are some pointers about what we have included and how you can find what you are looking for. The **main map** gives you a detailed overview of the Sunshine Coast and its recreational opportunities while the **inset maps** of major business and residential areas will make sure you can find your way around without getting lost. Most major spots of interest are identified with a **map grid reference** (a letter and number coordinate); these will keep you properly oriented. Special spots of interest are also highlighted with a colour-coded circle containing a number: these relate to written descriptions on the margins of the maps. We hope you enjoy exploring the pleasures and adventures offered by our community—Go safely.



WELCOME TO THE SUNSHINE COAST

Stretching along the northeast shores of the Strait of Georgia from Howe Sound to Desolation Sound, the Sunshine Coast provides a natural backdrop for visitors to discover the abundance of recreational activities.

With its coastal mountain range, old-growth forests, lakes and inlets, each stop along the Coast offers visitors a unique sense of place, featuring local history, cultural heritage and natural attractions. Here, travellers can immerse themselves in marine activities: kayaking, canoeing, sailing, windsurfing, pleasure cruising, sport fishing, scuba diving, swimming, beachcombing and more.

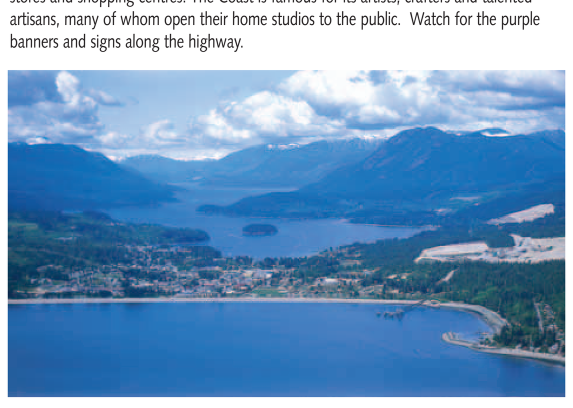


Walk leisurely through forest paths or along ocean beaches or explore the backcountry. Hikers and mountain bikers will find many options for forest and mountain explorations with countless kilometres of trails. You are likely to experience sightings of eagles or deer.

This all-season recreation destination also offers golf, backcountry snowshoeing and skiing, bird watching, horseback riding, air and marine tours and more! Or, simply enjoy relaxing by the ocean with the resident otters, seals, herons and even the occasional visiting whales and dolphins.

Enjoy small town hospitality with accommodations that include camping, RV parks, B&B or cottage stays, motels, and waterfront resorts.

Dine in a variety of waterfront restaurants and bistro-style cafes. Each community has its own offering of shopping experiences: visit galleries, bookshops, collectibles and antique stores and shopping centres. The Coast is famous for its artists, crafters and talented artisans, many of whom open their home studios to the public. Watch for the purple banners and signs along the highway.



Check the service directory for a complete listing of businesses by area. They would be pleased to assist you.
